AGREEMENT FOR OFF LABEL AND LONG-TERM CONTROLLED SUBSTANCE PRESCRIPTIONS

Patient name: _____ Date of birth: _____

Obesity Controlled

NOTE: SIGNING THIS FORM DOES NOT GUARANTEE THAT YOUR PROVIDER(S) AT RX HEALTH & WELLNESS WILL FIND YOU TO BE AN APPROPRIATE CANDIDATE FOR ANTI-OBESITY MEDICATIONS, BUT ONLY THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO THE TERMS OF MEDICATION USAGE SHOULD YOU AND RX HEALTH & WELLNESS DECIDE UPON THEIR USAGE NOW OR IN THE FUTURE.

Some anti-obesity medications are considered "controlled medications." By law, a controlled medication can only be prescribed from one facility at a time; therefore I agree that only Rx Health & Wellness will prescribe anti-obesity medications for me. I agree that it is my responsibility to inform my provider(s) at Rx Health & Wellness and any other providers from whom I receive treatment of all medications prescribed to me. **I understand that the use of anti-obesity medications is contraindicated with certain medical histories, allergies, or other medication use**. I agree that I will be honest in disclosing this information and will notify my provider(s) at Rx Health & Wellness of any changes to my medical history or medication usage. I understand that failure to do so can be dangerous to my health.

I agree to take the medication only as prescribed and directed by Rx Health & Wellness. I understand that taking medications in any way other than as directed and prescribed could affect my health and be dangerous.

I understand that the use of some of the anti-obesity medications beyond 12 weeks is considered "off label" or not initially approved by the U.S. Food and Drug Administration (FDA). I understand that my provider(s) at Rx Health & Wellness are experienced specialist(s) in obesity medicine who will, at times, elect or choose, when indicated, to use the anti-obesity medication(s) for longer periods of time as deemed appropriate for my individual treatment.

I understand that I am to report any side effects or adverse reactions of my medications to my provider(s) at Rx Health & Wellness.

I understand that it is my responsibility to follow the instructions carefully and that the purpose of this treatment is to assist me in my desire to decrease my body weight for improvement of health and to maintain weight loss. I understand that the purpose of medications for weight loss is to be used as an adjunct to a program that includes nutrition and/or physical activity and/or behavior modification. I understand that much of the success of the program will depend on my efforts and that there are **NO GUARANTEES** in medical treatment of the disease of obesity. I also understand that I will have to continue monitoring my weight after active weight loss.

Off Label Medications

Other than controlled medications used outside FDA approved scheduling, I understand that my provider at Rx Health and Wellness may choose to use medications for weight loss that may not have their FDA approval for weight loss. This is considered off label. I understand that my provider is specialty trained to determine what medications may benefit me based on my diseases processes and specific weight loss needs and understand that sometimes this means utilizing FDA approved medications for weight loss which may not be an FDA approved diagnosis for these medications. Examples include diabetic medications that are used off label such as medications like Metformin. GLP medications such as Ozempic, Victoza, and Trulicity. Compounded GLP medications such as semaglutide salt formulations and tirzepatide. SGLT medications such as Farxiga and Jardiance, as well as other classes of medications deemed appropriate by my Rx Health and Wellness provider.

No-Show and Conclusion of the PCP-Patient Relationship Policy

Please note, this is just a notice of actions that could lead to termination from our practice. This is not a notification of termination.

It is the policy of Rx Health and Wellness to maintain a therapeutic and trusting relationship with all patients. When such a relationship has not been formed or the relationship with a patient is no longer proceeding in an effective manner, the attending provider may terminate his/her relationship with the patient which would include ALL members of the patient's family and it would also include being seen by any other provider in this practice. Any such termination shall be carried out within the bounds of applicable state and federal laws, rules, regulations and professional guidelines such as the American Medical Association guidelines, and this policy. Termination of the relationship may occur with the goal of assuring appropriate continuity of care for the patient. When a patient cancels appointments, procedures or other scheduled care on a repetitive basis without cause or enough notice, quality and continuity of care are adversely impacted, office schedules are disrupted, and it impedes other patient(s) appointments. In order to decrease the incidence of such cases, a "No-Show fee of $60.00" may be assessed and/or when indicated, which can result in the physician/patient relationship to be terminated.

Causes for Termination

The physician or his/her designee identifies a patient with whom the physician-patient relationship has been affected negatively or is no longer therapeutic. The types of circumstances that can result in termination include, but are not limited to, the following:

- Repeated noncompliance with therapies or treatments essential to the patient's safety as deemed medically necessary by the physician or other attending healthcare provider ("Provider")
- Failure to meet financial obligations to Rx Health & Wellness regarding care provided or to cooperate with payment processes consistent with Rx Health & Wellness payment policies
- Consistent or repeated failure to keep appointments without good cause and/or without notice of intent to cancel appointments prior to 24 hrs of the scheduled appointment time
- Threatening, violent, abusive or patterns or repetitive rude or offensive behavior directed at a Provider, other Rx Health & Wellness staff, or other patients or visitors
- Attempts by the patient to use the relationship to illegally or improperly obtain controlled substances for non-therapeutic purposes, abuse of controlled substances or otherwise refusing to obtain treatment for controlled substance abuse or addiction, seeking multiple prescriptions from different physicians or diverting controlled substances
- The patient elects to terminate or expresses a desire to terminate the relationship

I,_____ have read the above policy statement and agree to act within the guidelines stated. No Show Policy

Due to the limited spaces available on each provider schedule it is necessary that patients that are scheduled show up at their designated times. Patients have until 24 hours prior to their appointment time to cancel their appointment. We do understand that things happen and therefore in some cases we will overlook same day reschedules, unless these become a pattern for patients. Each appointment that is scheduled and no-showed is an appointment that could have been utilized by another patient. Therefore, our policy is that patients that no-show their appointments will be charged the full cash price of the missed appointment (see pricing below). **This will be billed to the credit/debit/HSA card on file for that patient.** Signing this agreement verifies that you understand this policy and your responsibility as the patient to cancel your appointment in a timely fashion should you not be able to make it to your scheduled appointment. Furthermore, patients that are more than 7 minutes late for their appointment will be considered a "no show," unless otherwise approved by the clinic but limited to 1 waived NS fee per calendar year.

I,_____have read the above policy statement and agree to cancel all scheduled appointments prior to 24 hours of the appointment time. Additionally, I understand that should I no-show my appointment that I am responsible for the total visit cost of that appointment. In which case, I give permission for Rx Health & Wellness to debit the card on file for this fee.
